Border regions - Navoi, Jizzakh, districts - Kattakorgan, Ishtikhan, Payariq.

Koshrobot is the name of a rural district and district center in Samarkand region. The first component of the toponym is the word **Double** , which means two or two. The word **Rabat** originally meant a building, a fortification, built for the military during the period when the religion of Islam began to spread. Later, it also meant a caravanserai (hotel). **Khoshrobot** means a place where two caravanserais are built side by side.
